

OSHA Fall Virtual Conference
October 14 & 15, 2022

The Oregon Speech-Language and Hearing Association (OSHA) is hosting another fully virtual conference this year! Our online conference will feature locally & nationally recognized speakers, and will be open to speech-language pathologists, audiologists, educational assistants, and students across the Pacific Northwest and beyond. Each of our livestreamed courses will support 300+ attendees.

Participating exhibitors and sponsors will have an opportunity to connect with attendees, acquire valuable attendee data via comprehensive package options to promote various levels of exhibitor exposure and connectivity to an expansive speech-language pathology and audiology community. The virtual Exhibit Hall is designed to maximize exposure and promote an interactive experience with attendees at the Platinum level.

Online registration will be open through October 5, 2022 (see link below) via a link on the OSHA website. Prior to the event, exhibitors will receive a login and set of instructions via email to upload information and set up the exhibitor portal. Technical support will be available if needed.

DIGITAL CONFERENCE BROCHURE ADVERTISEMENT

Promote your company and services to attendees through a full color ad in the digital conference brochure that will go out to 2000 contacts as we promote the OSHA 2022 Virtual Conference. The conference brochure will be available on the OSHA website starting in September and leading up to the event and will updated as new advertisers purchase space. The conference brochure will be emailed to our full contact list a minimum of 3 times in September/October and to all attendees & speakers right before the event.

Digital Conference Brochure Advertisements (due by September 20, 2022)
